

Job Title: Port Electrician – McDuffie Terminal

Job Information

The Port Electrician is a full time permanent position in the McDuffie Coal Terminal Maintenance Department. These positions are assigned to rotating 12-hour shifts often referred to in the industry as the “DuPont-type” schedule.

Duties include diagnosing/troubleshooting, installing, maintaining and repairing electrical systems, apparatus, fixtures, and electrical and electronic components of Port Authority bulk cargo handling equipment such as Ship Loaders, Ship Unloaders, Gantry Cranes, Barge Unloaders, Barge Loaders, Single and Tandem Railcar Dumps, Rail Car Indexers, large conveyor Systems, warehouses and supporting facilities. Work environment requires employees to be able to climb stairs and ladders, work above ground level and lift heavy objects. Employee must be able to work safely and on rotating shifts.

Electricians assigned to the Pinto Terminal are required to perform multi-craft work such as but not limited to assisting millwrights and other personnel with non-electrical repairs, routine maintenance, and operational functions as needed.

Minimum Requirements

- High School diploma or GED equivalent.
- Extensive knowledge of the occupational hazards and safety precautions for electrical trades and high voltage work.
- Extensive knowledge of the methods, practices and materials to perform as an industrial electrician within the industrial electrical trades.
- D.C. knowledge and experience.
- Ability to follow oral and/or written instructions without supervision.
- Ability to read, interpret and comprehend schematics, engineering drawings, blueprints, operating manual, manufacturer specifications and sketches.
- **Ability to work varying shifts in an industrial setting and in inclement weather.**
- **Must have knowledge of occupational hazards and safety precautions for coal handling operations.**
- **Must be able to work safely in an industrial environment on a rotating shift schedule.**
- **Ability to read and follow operational manuals, job safety analyses, procedures, and manufacturer’s specifications.**
- **Possession of a valid Alabama Driver’s license as defined by the ASPA Risk Manager.**

- **Ability to climb stairs and ladders, work above ground level and lift heavy objects.**
- **Must demonstrate the ability to read and interpret blue prints, drawings, plans and sketches**
- **Must demonstrated the ability to use hand tools, meters and diagnostic equipment.**

Beginning pay scale is \$23.62 to \$26.44 per hour including shift differential.

Benefits include:

- Health and dental insurance at no cost for employee, spouse and dependent children.
- Life Insurance for employee, spouse & dependent children at no cost
- Employer 6% base contribution plus 50% matching retirement contribution
- 10 Paid holidays
- Time and half plus holiday pay for any holiday work
- Quarterly Safe Workplace Incentive payments
- Overtime pay for all work over 8/40
- Generous annual leave based on hours worked
