

Alabama State Port Authority
Addendum to Specification Booklet

Project Name Muddy Creek Boardwalk Replacement

Project # 11128

Addendum # 1

To: Prospective Bidders

Date: 9/2/2022

Below are questions submitted by potential bidders and responses by the Alabama State Port Authority.

Question Submitted	Is there vehicular access to both ends of the boardwalk?
ASPA Response	Yes. The north side of the boardwalk can be accessed by an unpaved road entrance to the Muddy Creek Wetland Mitigation Area off of Bowers Lane. The south side of the boardwalk can be accessed by an unpaved road entrance off of Industrial Road.

Question Submitted	What is the linear footage of the handrail?
ASPA Response	The handrail is an estimated 800 feet in length on both sides of the boardwalk, which totals to 1,600 linear feet.

Question Submitted	Must <i>stainless steel</i> deck screws be used?
ASPA Response	For the base bid, deck screws for use with treated lumber must be used. Please include the additional cost for stainless steel deck screws in the additive alternate for composite decking.

Please indicate your receipt of this addendum by adding the addendum number in the appropriate place in your Requisition & Proposal.
