

**Alabama Port Authority**  
**Addendum to R&P or Specification Booklet**

**Project Name** 2023 Amphibious Excavator Service Contract

**Project No.** 11328/11329

**Addendum No.** 1

**To:** Prospective Bidders

**Date:** 10/10/2023

Plans and specifications are hereby amended as follows:

Item	Description
1.	The project numbers for the first year of the contract will be 11328 and 11329. All correspondence shall reference these project numbers henceforth.
2.	Amphibious Excavator buckets must be standard manufactured buckets but may be extended with steel plate on three sides (both sides and the rear of the bucket) to achieve the required capacity. Bucket extensions greater than four (4) inches in height are prohibited.
3.	Reference Specification Booklet, Division V, Section 502, Item 10, Secondary Equipment, Item v.:  Change CAT 330 GC to CAT 330 Super Long Reach (SLR)
4.	Medium Excavator (short reach) shall have a minimum bucket capacity (struck or water level) of 2 CY.
5.	Medium Excavator (long reach) shall have a minimum bucket capacity (struck or water level) of 0.75 CY.
6.	Reference Specification Booklet, Division IV, Section 40-03:  Change \$3,000,000 to \$5,000,000
7.	Reference Specification Booklet, Division V, Section 503, Item No. 1:  As clarification, only amphibious excavator operators will be required to meet this requirement.

Please indicate your receipt of this addendum by adding the addendum number in the appropriate place in your Requisition & Proposal or Specification Book.
