

Alabama Port Authority
Addendum to R&P or Specification Booklet

Project Name 2023 Amphibious Excavator Service Contract

Project No. 11328/11329

Addendum No. 2

To: Prospective Bidders

Date: 10/12/2023

Plans and specifications are hereby amended as follows:

Item	Description
1.	Reference Specification Booklet, Section 502, Item 10, Primary Equipment – Amphibious Excavators. Delete Items i.4, i.5, ii.4, ii.5, iii.4, and iii.5 which reference production requirements for the amphibious excavators.
2.	ASPA may establish a production requirement for each work task depending on the scope of the task and the material being excavated. All amphibious excavators shall be capable of achieving two (2) excavating swing movements in 60 seconds. The established production requirement shall be directly related to the required swing movements and the bucket size for the amphibious excavators.

Please indicate your receipt of this addendum by adding the addendum number in the appropriate place in your Requisition & Proposal or Specification Book.
