Building 55 Exterior Sealing and Painting

November 13, 2023

First Addendum

Project Name	Building 55 Exterior Sealing and Painting	
Location	Mobile, AL	
Project #	11360 Task 1	November 2023

The project specifications shall be amended to include power washing, painting the window frames and other items as follows:

- 1. Preparation shall include power washing of building, adjacent concrete sidewalks, concrete pads, and the building exterior surfaces except for the roof.
- 2. Preparation shall include caulking around all window and door openings.
- 3. Crack filler / caulk shall be Loxon S1 One Component Smooth Polyurethane Sealant.
- 4. Priming shall include applying appropriate Owner approved metal primer to all metallic surfaces including aluminum window frames and steel lintels.
- 5. If winning Bidder is also awarded other painting project(s) by the Owner, the work may be scheduled sequentially rather than concurrently.
