

# CHICKASAW RAILROAD LEAD LINE PUBLIC INVOLVEMENT MEETING

The Alabama State Port Authority is proposing to construct approximately 1.9 miles of new siding track, paralleling the existing Terminal Railway Alabama State Docks (TASD) track. Information about the project is available to the public for review and comment. Your comments may be provided by mail, email, or in person. Comments for the proposed project must be postmarked or emailed by March 29, 2024.

## PROJECT PURPOSE

The purpose of the Project is to improve efficiency of the TASD railroad system north of the TASD interchange yard the proposed Project will allow trains up to 10,000-feet, or approximately 175 cars to be moved off the TASD mainline track to the new sidetrack while waiting on trains to enter or exit the TASD interchange yard. The new sidetrack will also reduce idle times to less than two hours and will allow for the queued trains to be stored in an industrial area.
