INVITATION TO BID

Sealed proposals will be received via courier to the Alabama State Port Authority, 1400 Alabama State Docks Blvd, Room 216, Administration Building, Mobile, AL 36602 by 1:00 PM, on Thursday, July 17, 2025. Sealed bid proposals can also be hand delivered from 1:45 PM to 2:00 PM, on Thursday, July 17, 2025, to the Alabama State Port Authority (ASPA) in the International Trade Center building, 250 North Water Street, 1st Floor Killian Room, Mobile, AL. Faxed or electronic submitted proposals will not be accepted.

For clarification, the purpose of this invitation is to receive, from the Contractor, both a Proposal and supporting documentation as it relates to the criteria of the "Score Sheet – Sample".

The work consists principally of providing bonds, plant, labor, materials, equipment, and supervision necessary for the hydraulic maintenance dredging of various areas at the Upper Harbor and Middle Bay facilities in Mobile, Alabama. The scope of work performed will include maintaining the water depth shown in the contract drawings. This work will be performed as per high frequency hydrographic surveying at MLLW, 1929.

Dredging equipment must be able to handle a discharge pipe no smaller than 18-inch diameter and no larger than 27-inch diameter for ASPA spoil area, Mud Lakes. The anticipated maximum dredge depth for the upper harbor berths is -43'.

This work will consist of dredging the Upper Harbor facilities per the items listed in the Schedule of Prices. Annualized cubic yards are not a guarantee of the amount of contractual work; this is only a basis for evaluation.

Dredging will be performed on an on-call basis; exact times to be determined by ASPA. The Main Docks are generally dredged at an annual frequency in August through October. It is anticipated that the dredging of the Rail Ferry, AIT Dock, and Blakeley Terminal be performed in conjunction with the Main Docks event. The Grain Elevator may require off-cycle dredging in early spring (February through April) if operations dictate. The dredge frequency and timing described is only to provide the Contractor with an estimated amount of effort required under this contract. Dredging may be requested more frequently than previously described.

For bid analysis, it is anticipated that all dredge material for the Main Docks will be discharged into the Blakeley "Mud Lakes" Dredge Material Management Area (DMMA) while all dredge material for Middle Bay Port will be discharged into either Gaillard Island or the adjacent property partner DMMA. A submerged line must be placed across the Mobile River Channel for Main Docks, Rail Ferry, AIT Dock, and Middle Bay Port dredging events.

This initial, one-year contract may be renewed up to four (4) times for a total of five (5) years from the original contract. Contract renewal will be based upon mutual agreement between the Owner and Contractor. Pricing will be re-evaluated and adjusted based on the Consumer Price Index established by the U.S. Bureau of Labor Statistics at the time of contract renewal, see Division V.

The Contractor must also be flexible with the vessel/barge traffic with no interruptions to the course of business. **The awarded Contractor shall have not more than thirty (30) calendar days to commence dredging after receiving a mobilization request. Specifications as to this can be found in Division V, 1.7.1 Start Work.**

Specifications, proposal forms, bid and performance bond forms, and plans are available on the Alabama Port Authority website at www.alports.com. You may contact the ASPA representative, Wesley Jackson, for additional information at wesley.jackson@alports.com. Prospective Contractors may coordinate with the ASPA representative to view the site of the proposed work. **The deadline for contractors to submit questions is no less than ten (10) calendar days prior to the proposal deadline. Questions will only be received via email.**

A Guarantee will be required with each bid as follows: At least five (5%) percent of the amount bid, but in no event more than Ten Thousand (\$10,000) Dollars, shall be furnished in the form of a certified check or bid bond payable to the Alabama State Port Authority. A Performance Bond in an amount not less than the sum bid will be required at the signing of the contract and, in addition, a bond in an amount not less than One Hundred (100%) percent of the contract price, insuring payment of all labor and material.

No proposal package will be considered unless the Contractor, whether resident or non-resident of Alabama, is properly qualified to submit a proposal for this work in accordance with all applicable laws of the State of Alabama. This shall include evidence of holding a current license as required from the State Licensing Board for General Contractors, Montgomery, Alabama with the license classification being H/RR: Heavy and Railroad or H/RR-S: Dredging. Also, non-residents of the State must show evidence of having qualified with the Secretary of State to do business in Alabama.

EVALUATION PROCESS

An Evaluation Committee will review Contractor submissions by virtue of scoring utilizing the rating criteria point system outlined in the "Score Sheet – Sample". The Contractor proposal should include any and all documents they feel necessary to substantiate the scoring sheet criteria including, but not limited to, reference letters, statements of knowledge and experience, resumes and qualifications, summaries of similar project, etc.

INSTRUCTIONS TO CONTRACTORS

1.0 ADDENDA AND INTERPRETATIONS

All questions about the meaning or intent of the Contract Documents shall be submitted to the Engineer in writing. Replies will be issued by Addenda posted on the ASPA website. All addenda so issued shall become part of the Contract Documents. Only questions answered by formal written Addenda will be binding. Oral and other interpretations or clarifications will be without legal effect.

2.0 PREQUALIFICATION OF CONTRACTORS

No proposal will be considered from any Contractor unless he is licensed to do work in the State of Alabama and has complied with the requirements of Paragraph SP-04 of DIVISION III Special Provisions.

3.0 SUBMISSION OF PROPOSALS

Before submitting his proposal, the Contractor shall comply with the following:

- (a) The Proposal shall be filled in ink on the form provided herein and all blank spaces in the form shall be fully filled. The signature shall be in long hand and the complete form shall be without interlineations, alteration or erasure.
- (b) If the Contractor is a corporation organized in a state other than Alabama, attach to the Proposal a certificate from the Secretary of State showing that the Corporation is qualified to transact business in Alabama.
- (c) Attach a certified check or Bid Bond in the amount of 5% of the Proposal, but not more than \$10,000 made payable to the Alabama State Port Authority.
- (d) Non-resident (out of state) Contractors shall attach all items included by SP-06.
- (e) Attach a copy of the State Contractor's License to Proposal.
- (f) Affidavit and Certificate of Compliance with the Beason-Hammon Alabama Taxpayer and Citizen Protection Act (see page I-10)

One copy of Items (a) through (f) should be placed in a sealed envelope with the Contractor's name, Contractor's License number, the project, and the time and date of the bid proposal deadline.

PROPOSAL

Proposal of:

Address:

Date:

To: STATE OF ALABAMA, Alabama State Port Authority, Mobile, Alabama

Gentlemen:

The undersigned, as Contractor, hereby declares that he has examined the site of the work and informed himself fully in regard to all conditions pertaining to the place where the work is to be done; that he has examined the plans and specifications for the work and contractual documents relative thereto, and has read all Special Provisions and Specifications furnished; and that he has satisfied himself relative to all aspects of the work to be performed and especially to those factors affecting cost, progress, or performance.

The Contractor proposes and agrees, if this bid is accepted, to contract with the Owner in the form of contract specified, to furnish all necessary materials, equipment, tools, apparatus, means of transportation, labor and incidentals to perform in a satisfactory manner, the work described in the Contract Specifications and Drawings for the Alabama State Port Authority, for the prices listed below to complete:

PROJECT TBD

**Upper Harbor Maintenance Dredging On-Call
MOBILE, ALABAMA**

In full and complete accordance with the shown noted, described and reasonable intended requirements of the plans, specifications and contract documents to the full and entire satisfaction of the Owner with a definite understanding that no money will be allowed for extra work except as set forth in the attached contract documents.

It is agreed that the description under each item, being briefly stated, implies, although it does not mention, all incidentals and that the prices stated are intended to cover all such work materials and incidentals as constitute Contractor's obligation as described in the specifications and any details not specifically mentioned, but evidently included in the contract shall be compensated for the item which most logically includes it.

Contractor agrees that he will commence the work within the time allotted by the Contract Documents with an adequate force, plant, and equipment and that the work will be completed within time schedules outlined in Special Provisions Article SP-03.

Contractor accepts the provisions of the Contract Documents as to liquidated damages in the event of failure to complete the work on time.

The Contractor further agrees that, in case of failure on his part to execute the Contract and required bonds within ten (10) calendar days from the date written notice of award if mailed or otherwise delivered to the Contractor, the certified check or bid bond accompanying this bid and the monies payable thereon

shall be paid into the funds of the Owner not as penalty, but as a liquidation of a reasonable portion of the damages incurred by the Owner due to the Contractor's failure to execute the Contract.

Bid Notes:

1. Quantities listed are estimates based on dredge quantities from the last seven (7) years.
2. For reference, attached on the last page of this document is a table showing dredge quantities from the last seven (7) years along with an estimated number of dredge events to be conducted under this contract. All quantities shown in the table are to provide a basis for bid evaluation. ASPA does not guarantee any amount of contractual work.
3. The historic dredge quantities of line items Pier 3, Pier 4, Pier A South, Pier A Riverend, Pier B Riverend, and Middle Bay Port may only be dredged once in a five-year period.
4. An Evaluation Committee will score and award the contract based on criteria outline in the "Score Sheet – Sample".
5. Each prospective Contractor must complete the base bid dredging and bid additive portion of the Schedule of Prices.

BID BOND

KNOW ALL MEN BY THESE PRESENTS, that we, undersigned, _____

_____ as Principal, and _____ as
Surety, are hereby held and bound unto The Alabama State Port Authority as **OWNER** in the Penal sum
of _____ for the payment of which will and truly be made, we hereby
jointly and severally bind ourselves, successors and assigns. Signed, the _____ day of
_____, 20__.

The Condition of the above obligation is such that whereas the Principal has submitted to the Alabama
State Port Authority a certain BID, attached hereto and hereby made a part hereof to enter into a
contract in writing, for the Upper Harbor Maintenance Dredging On-Call in Mobile, Alabama, Project No.
TBD, Task *TBD*

NOW, THEREFORE,

(a) If said BID shall be rejected, or

(b) If said BID shall be accepted and the Principal shall execute and deliver a contract in the form of
Contract attached hereto (Properly completed in accordance with said BID) and shall furnish a BOND for
his faithful performance of said contract, and for the payment of all persons performing labor or
furnishing materials in connection therewith, and shall in all other respects perform the agreement
created by the acceptance of said BID, then this obligation shall be void, otherwise the same shall
remain in force and effect; it being expressly understood and agreed that the liability of the Surety for
any and all claims hereunder shall, in no event, exceed the panel amount of this obligation as herein
stated.

The Surety, for value received, hereby stipulates and agrees that the obligations of said Surety and its
BOND shall in no way be impaired or affected by any extension of time within which the **OWNER** may
accept such BID; and said Surety does hereby waive notice of any such extension.

IN WITNESS WHEREOF, the Principal and the Surety have hereunto set their hands and seals, and such
of them as are corporations have caused their corporate seals to be hereto affixed and these presents to
be signed by their proper officers, the day and year first set forth above.
